Daz Dillinger: "Macshawn100 is authentic and all original. His music is for the real riders."

E40: "Macshawn100 will definitely captivate the world with his music and his swagger. He is the real thing. The best of the best. The Bigg Fish will take the game to another level."

Snoop Dogg: "Macshawn100 is bigger than life. This guy is one of my favourite rappers. I've been up on him for about 20 years and he's always been a strong influence to a lot of platinum artists. The album The Bigg Fish is guaranteed platinum status and will take the world by storm. And you do know that!"

Kurupt: "Macshawn100 is the rappers rapper. A lot of artists in the game today use a lot of lingo and a lot of creativity from the bay area and he is the originator of most of the slang that's used in hip-hop today. Macshawn is going to smash the game. Please believe it."
