

10 years of Dealing With Destiny!

.....

PRESS RELEASE EFFECTIVE IMMEDIATELY 21.04.20

Dealing With Destiny is an independent Australian film that spent a year in production in 2010, and officially released in 2011. This means that this year marks the 10 year anniversary of the film! And what a film it was. This quirky Aussie comedy is about a group of good buddies on their last day of University together. Blake, Lloyd, Vinnie, and Ricardo have to deal with an assortment of challenges that are thrown in their way, such as final exams, college pranks, attack dogs, rivalries and, of course, girl troubles. Lloyd suspects Blake of making a move on his new girlfriend Zara, Ricardo falls in lust with the sexy gym girl, and Vinnie is more in love with Betsy, his yellow 1969 fiat sports car. And what about the arrival of the cute nurse called Destiny? You might just have to find out by searching the trailer on youtube!

With music supervised and a soundtrack created by Blue Pie Records, and with the film being distributed by Planet Blue Pictures USA, this hilarious film was an honour to work on. Especially with musical geniuses such as [Sam Pollard, among others, at the wheel of the soundtrack!](#)

The World (as in the planet, not the Tarot's World Arcana) has had the ability to download or stream the film for many years now, via the AMAZON VOD platform. You can number among them by clicking [here!](#) But since it's the 10 year anniversary, we also have something special for you Dealing With Destiny Lovers. (Again, lovers of the film, not the Lovers Arcana.) The website has been given a complete and total overhaul!
